TECHNICAL SKILLS

Programming Languages :

Python, C, Dart

Web Technologies :

HTML5, CSS, JavaScript, REST API, JSON

Frameworks / Libraries :

React, Flutter, Bootstrap, Django

Database :

MySQL, SQLite, PostgreSQL

Operating Systems :

Windows, Linux (Basics)

Tools & IDEs :

Figma, Canva, VS Code, Eclipse,

Git & GitHub

Concepts :

OOPs, Data Structures, DBMS

AMARADEVI A

Entry-Level Software Engineer | MCA 2025 |
Strong in Programming & Mathematics

PROFILE

Driven and tech-enthusiastic MCA graduate (2025) with a strong academic foundation in Mathematics and Computer Applications. Successfully completed B.Sc. Mathematics in 2023 and earned MCA in 2025. Passionate about building real-world software solutions, exploring cutting-edge technologies, and solving complex problems with code.

Hands-on experience in programming, web development, and database management. Always eager to learn, experiment, and adapt to new trends in the tech world. Known for a curious mindset, strong logic-building skills, and a consistent drive to turn ideas into impactful applications

WORK EXPERIENCE

Lotus EasyGo Tech Solution, Arappalayam, Madurai.

Junior Software Developer

May 2025 – Present

- Promoted from Intern to full-time Junior Developer based on strong performance and consistent delivery.
- Actively involved in building and maintaining scalable web and mobile applications using React.js and Flutter.
- Developing new modules, optimizing UI components, and enhancing app performance.
- Collaborating with the team on live projects, client support, and deployment cycles.
- Working directly with clients for feedback, feature requests, and post-deployment fixes.

Software Developer Intern

Jan 2025 – May 2025

- Developed responsive web and mobile applications using HTML, CSS, JavaScript, React.js, and Flutter.
- Designed intuitive UI screens and navigation workflows using Dart.
- Involved in end-to-end development, including testing and deployment.
- Contributed to two live projects: a School Website and a Shop Website, ensuring timely updates and maintenance.
- Collaborated with clients to gather requirements and provide product demonstrations

Intern Trainee – Final Year Project & Technical Mentor

Deputed from Lotus EasyGO Tech Solutions to **Madurai Kamaraj University, Madurai**
Aug 2025 – Apr 2026 (Expected)

- Assigned as a technical mentor to support DataScience, AI&ML students at MKU on projects involving Machine Learning using Python and Web Development.
- Assisting students in resolving project-related queries and guiding them in implementing ML models and web modules.
- Conducting occasional sessions to explain technical concepts and ensure smooth project progress.
- Gaining hands-on experience in both real-time development and academic mentoring.

Sharpened Mind Tech & Solution, 15days Mini Internship, Madurai.

The Intern designed and hosted a personal Portfolio Website on GitHub Pages.

LANGUAGES

English
Tamil

PROJECTS

HTML, CSS,
JS, Python,
Django,
PostgreSQL

A Digital Academic Management System

- Developed an on-demand service booking platform for home services.
- Features real-time booking, service tracking, in-app chat, and secure payments.
- Integrated Google Maps API for location-based services.

React,
Python,
Django,
PostgreSQL

Building Construction Platform

- Built a scalable construction management platform with multi-project support.
- Implemented project tracking, task management, resource allocation, and budget tracking features.

EDUCATION

Master of computer Application 2023 – 2025
Madurai Kamaraj University, Madurai.

Bachelor of Mathematics – 89% 2020 – 2023
Saiva Bhanu Kshatriya College,
Aruppukottai.

HSC– 61% 2020
Devangar Girls Higher Secondary School,
Aruppukottai.

SSLC– 91% 2018
Devangar Girls Higher Secondary School,
Aruppukottai.

CERTIFICATION

Python Programming – Udemy
Web Development – National Level Technical Symposium
at National Institute of Technology,
Trichy

SKILLS

- Strong problem-solving and debugging skills
- Excellent communication and Teamwork abilities
- Quick learning of new technologies
- Time Management
